

ROUND-UP

"TRADITIONS OF CHRISTMAS"

What will people be doing on Christmas? Nobody can tell. But one thing is for certain, not everyone will be celebrating, because their religions differ in the different peoples of the world.

Americans celebrate Christmas on December 25, (in the morning). There is usually a "Santa Claus" coming around midnight. He brings candy and toys to put in the children's stockings. (He never does come, but the kids believe in him anyway).

The Christmas tree is very popular all over the world, (in countries of Christianity). All colored lights are put on the tree as decorations. The poinsettia is looked upon in America as the Christmas flower. In such a town as Bethlehem, Pennsylvania, festivities are held and that happens throughout the states. There are also broadcasts of music around the Christmas season.

In Denmark, my home country, it is a custom to go to church before sunrise. Also, the town band mounts to the highest church towers and plays a hymn to each point of the compass. Jule-missen is the bringer of gifts there. It is a tradition to place a bowl of porridge in the attic for him.

My family practices the same customs. On December 24, (in the early evening), we first eat dinner, (porridge, geese, potatoes, etc.). Then we read out of the Bible about Christ, then we gather around the Christmas tree and sing with the piano playing accompaniment. After singing about 10 songs, we open our gifts. But there are also no church services so we have to stay home.

Our celebration is not like my grandparents exactly, but we still continue to eat and cook about the same things.

CHRISTMAS

Christmas is a time for cold; a time for colors, big and bold. Christmas carols fill frosty air; Christmas snowflakes wet your hair. Christmas is a time for toys, a time when children squeal with joy. Christmas cards come every day, wishing you a happy holiday. Christmas is a time of love; a time to think of God above.

TRUE MEANING OF CHRISTMAS

What is the true meaning of Christmas?

Do you know the true meaning of Christmas? Do you just think you get toys and candy and days off of school?

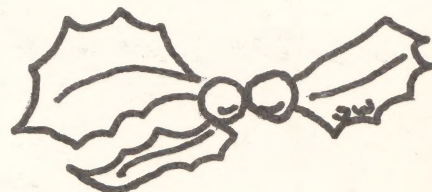

Christmas means more than that. Do you ever stop and think about it?

The true meaning of Christmas is Jesus birthday and how the three wise men came and gave the gifts to the new born child. Do you ever think of that? Or did you think about how hard it was for him later?

May be some of you do but not very many, only about one out of ten. Well let's say you think about it.

Have you ever had to explain to your brother or sister? If you have, did you think about it as you explain to them. I have. Then when Christmas day comes they won't just think of toys and candy.

!YOUR EDUCATION!

When your teacher assigns you homework you probably groan and say it's unfair. All of us do a little of that, I guess, but what would happen if you didn't do your homework? For one thing you would probably get a bad grade and get balled out. That is not what you are doing your homework for. You should do your homework because you want to learn something and to go on to college.

If you do slip in your homework you get bad grades which may stop you from going to college. Though most of us take this approach you really shouldn't worry about good grades, but worry about learning.

If you slip up one year the chances are pretty good you will do the same the next year until you are completely lost.

When you do get bad grades you slough them off and say you don't want to get an education and you will go to work instead. When you take this attitude you might as well get used to waiting in line. I hear the unemployment line is getting longer everyday.

GOOD BEHAVIOR

What is good behavior? Running in the halls, or is it chewing gum in class? No, it naturally isn't either one of these, but yet why do we do it?

How would it be to start off at the beginning of school by trying our best to do the right things.

The Student Council has been asking for ways to promote good behavior, so why don't you give them your ideas.

A school with a good, clean reputation can always make good. I feel our school has such a reputation, and why stay at a stand still. Can't we make our school just a little better to be in, by striving every minute to be at our best behavior?

THE FIRST CHRISTMAS

The little town of Bethlehem,
Not too far from the sea,
It was not known in Caesar's day,
That some day famous it would be.
So this is the story I will tell,
About a child, Jesus by name,
He gave his life for you and me,
And did not care for wealth or fame.

Mary and Joseph came to Bethlehem,
They were both just like a stranger,

There was no room in the inns,
So they had to sleep in a manger.
That night a bright star guarded the family,

It seemed mysterious to everyone,
That very same night in the stable,
Mary had her first born son.

Shepherds and wisemen came to see
Jesus,

Soon after that first Christmas morn,

They worshiped Him and brought Him gifts,

The world will always remember
the day Jesus was born.

FOOTBALL

On October 26 at East Junior High, the VIKINGS of East beat our MUSTANGS in a closely contested battle. They won by the slim margin of 6-0. The weather was Very clear, but it was quite cold.

The game was evenly balanced in most ways, but East hit pay dirt in the second quarter. The point after touchdown was stopped.

Although West was not to score the whole afternoon, they showed determination in that they did not let up once, in spite of defeat, these boys represented our school well.

On November 2, West Junior High played host to East in the football finale for both schools. Played in cloudy weather that later turned to a drizzle, the final score Read West 21-East 6.

West received the opening kick off and went right into action, scoring on a run by Ron Johnson with about 4 minutes gone. As it turned out, Johnson was to score all but 1 of West's Points. He again scored in the second quarter with Tom Warner running the extra point. East also broke into the scoring column in the second quarter. The touch-down was scored by Mike Sims. The extra point failed.

There was not to be anymore scoring untill the closing minutes when Johnson got his third touch-down and his second extra point.

The feeling of the players was clearly shown at the end of the game when they lifted coach Wagner on their shoulders and carried him off the field.
